Gentlemen:

We have noted that gas from the Continental Oil Company, Jicarilla 30 #4 well, Undesignated Chacra, in Rio Arriba County is being transported from the lease by Continental Oil Company and delivered to El Paso Natural Gas Company through a Gallup casinghead gas system. Although this arrangement was approved by the Commission and the United States Geological Survey, Form C-104 on file for this well indicates that El Paso Natural Gas Co. is the gas transporter. Will you please refile Form C-104 for this well correcting the gas transporter to Continental Oil Company?

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
