Gentlemen:

On July 23, 1969, I inspected the location of your No. 2 Apache well which was drilled in the NE 1/4 sec. 2, T. 24 N., R. 5 W., on Jicarilla tribal lease No. 35. I found the rat-hole open, pit not filled, and casing stacked on the location. The well was re-entered in 1967 under a Designation of Operator from Pan American Petroleum Corporation.

You are requested to clean and level the location at an early date. Please advise this office when the surface has been conditioned for approval.

Sincerely yours,

(Orig. Sgd.) J. W. LONG
