

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 112-A, Southern Union Production Company made application to the New Mexico Oil Conservation Commission on December 8, 1971, for permission to dually complete its Jicarilla "K" Well No. 16 located in Unit D of Section 12, Township 25 North, Range 5 West, NMPM, Rio Arriba County, New Mexico, in such a manner as to produce gas from the Chacra formation and the Basin-Dakota Pool.

Now, on this 14th day of December, 1971, the Secretary-Director finds:

- (1) That application has been duly filed under the provisions of Rule 112-A of the Commission's Rules and Regulations;
- (2) That satisfactory information has been provided that all operators of offset acreage have been duly notified; and
- (3) That waivers of objection have been received from offsetting operators and the waiting period as prescribed by said rule may be dispensed with in this instance.
- (4) That the proposed dual completion will not cause waste nor impair correlative rights.
- (5) That the mechanics of the proposed dual completion are feasible and consonant with good conservation practices.

IT IS THEREFORE ORDERED:

That the applicant herein, Southern Union Production Company, be and the same is hereby authorized to dually complete its Jicarilla "K" Well No. 16 located in Unit D of Section 12, Township 25 North, Range 5 West, NMPM, Rio Arriba County, New Mexico, in such a manner as to produce gas from the Chacra formation and the Basin-Dakota Pool through the casing-tubing annulus and the tubing respectively.

PROVIDED HOWEVER, That applicant shall complete, operate, and produce said well in accordance with the provisions of Rule 112-A.

PROVIDED FURTHER, That applicant shall take packer-leakage tests upon completion and annually thereafter.

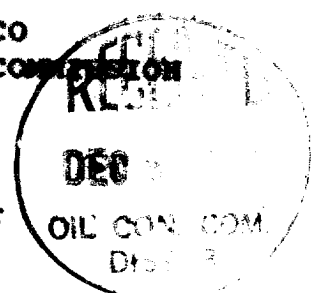

IT IS FURTHER ORDERED: That jurisdiction of this cause is hereby retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.
Secretary-Director

SEAL

1. The first part of the report is a general introduction to the project, which includes the objectives, scope, and methodology.

2. The second part of the report is a detailed description of the project, which includes the following sections:

2.1. The first section of the second part is a description of the project's objectives and scope. This section includes a list of the project's goals and a description of the project's boundaries.

2.2. The second section of the second part is a description of the project's methodology. This section includes a description of the research methods used and a description of the data collection process.

2.3. The third section of the second part is a description of the project's results. This section includes a description of the data collected and a description of the results of the analysis.

2.4. The fourth section of the second part is a description of the project's conclusions. This section includes a description of the findings of the project and a description of the implications of the findings.

2.5. The fifth section of the second part is a description of the project's limitations. This section includes a description of the limitations of the project and a description of the limitations of the data.

2.6. The sixth section of the second part is a description of the project's future work. This section includes a description of the future work that is planned and a description of the future work that is needed.

2.7. The seventh section of the second part is a description of the project's acknowledgments. This section includes a description of the people and organizations that have supported the project.

3. The third part of the report is a conclusion, which includes the following sections:

3.1. The first section of the third part is a summary of the project. This section includes a summary of the project's objectives, scope, methodology, results, and conclusions.

3.2. The second section of the third part is a list of references. This section includes a list of the references that were used in the project.

3.3. The third section of the third part is a list of appendices. This section includes a list of the appendices that were included in the project.

3.4. The fourth section of the third part is a list of figures. This section includes a list of the figures that were included in the project.

3.5. The fifth section of the third part is a list of tables. This section includes a list of the tables that were included in the project.

3.6. The sixth section of the third part is a list of abbreviations. This section includes a list of the abbreviations that were used in the project.

3.7. The seventh section of the third part is a list of symbols. This section includes a list of the symbols that were used in the project.
