Re: El Paso Canyon Largo #185
Section 3 T24N R6W
Rio Arriba County, New Mexico

Gentlemen:

We have entered into an agreement with El Paso Natural Gas Company whereby we will attempt a Gallup completion in the above well bore and commingle with the present Dakota formation production.

This well was drilled in 1972 and has not been commercial; the current rate of production for the month of November was 79 MCF/da.

Please consider our request for a hearing for commingling, if it cannot be granted administratively.

Yours truly,

MERRION & BAYLESS
