Selectively perforate and sandwater fracture the Chaco formation.

The NW/4 of Section 4 is dedicated to this well.

IN ABOVE WORK DESCRIBED IN THIS PROGRAM, IF REQUIRED IS TO DESIGN OR BUILD EACH, give data on present productive well and proposed new productive zone. If proposed is to be a new well, give pertinent data on subsurface formation and measure of the proposed well and the proposed program, if any.

1. Outline the acreage dedicated to the subject well by colored pencil or other marks on this plat.
2. If more than one lease is indicated on the well, outline each and identify the owner(s) of each lease interest and royalty.
3. If more than one lease of different owners is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, or pooling, etc?

X Yes No If answer is "Yes," type of consolidation: Unitization

If answer is "no," list owners and tract descriptions which have not been consolidated on reverse side of this form if necessary.

No allowance will be assigned to the well until all interests have been consolidated by communitization, forced pooling, or otherwise. If unitization or standard unit eliminating some interests has been approved by the Commission.
