Rio Arriba County, N. M.

Dear Mr. Kendrick:

Approval of the attached Form C-104 is requested in order to only produce the Pictured Cliffs Formation.

At the present time the Gallup-Dakota interval is shut off by a retrievable bridge plug. At such time that certain equipment is available, the bridge plug will be removed and tubing, with a packer, will be run to dually complete the well.

After the above described work is performed only the Pictured Cliffs formation will be produced until such time that the Application for Multiple Completion is approved.

Very truly yours,

Ewell N. Walsh, P. E.
President
