Dear Dick:

The subject well was originally located 1190' FSL and 1850' FEL of Section 11, T 25N, R 4W.

A recent resurvey of the well shows that it is actually located 1090' FSL and 1850' FWL of Section 11.

Please cause your record to reflect the unit letter change from O to N.

Yours very truly,
