12. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Merrion Oil & Gas has completed the Pictured Cliffs in the subject well. The Gallup and Mesaverde formations in the wellbore were to be commingled with the PC production. The PC is making more sand than anticipated, so the Gallup and Mesaverde formations are shut in until the PC is cleaned up sufficiently to run the pump and rods to produce the deeper formations.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
