To Whom It May Concern:

Our records indicate that the above wells are inactive and require P&A or TA approval under Rules 201, 202 and 203. Please review your records and contact this office indicating the current status of these wells. Plans to bring these wells into compliance are to be submitted by December 31, 1992 and work completed by July 21, 1993. If there is a notice of intent to P&A filed and approved for these wells the work is to be completed by July 21, 1993.
