Re: C-104's - Change of Operator Name

OIL CON. DIV.  
DIST. 3

Enclosed are the following additional C-104 forms to complete the change of Operator name covering most of the wells previously operated by Curtis J. Little.

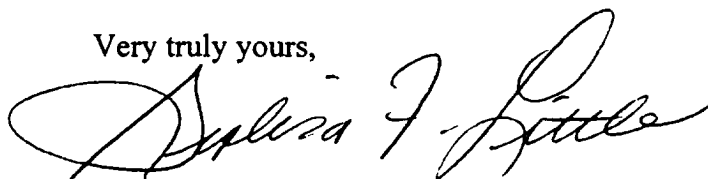

#1 Fairfield                      #13 Salazar PC  
#1 Schmitz

There are some wells which were not transferred to the corporation because their locations are not on Federal leases. The #12 Salazar has documents in common with the #11 Salazar and we therefore request it remain with the present operator. The wells not transferred are:

|             |             |               |             |
|-------------|-------------|---------------|-------------|
| # 8 Salazar | K-23-25N-6W | #12 Salazar   | A-21-25N-6W |
| #11 Salazar | C-22-25N-6W | # 1 State Com | P-2-26N-8W  |

Thank you for assistance by you and your staff. If there is anything further you require, please let me know.

Very truly yours,

SYLVIA F. LITTLE
