Dear Mr. Furse:

We have checked casing and tubing data on the 1965 deliverability test which you recently submitted to this office for your Jicarilla Apache "F" #5 well located in J-16-25N-5W. Comparing it with our earlier records we find the following discrepancy:

You indicate casing depth at 3937 on the test and our records show 3976.

Will you please check and let us know the correct information. If you find that our information is correct I would suggest that you notify El Paso Natural Gas Company.

Yours very truly
