Re: July allowable for Largo
Spur No. 3, Devils Fork-Gallup

Dear Mr. Redfern:

I am enclosing a copy of Order R-1641-A. I call your attention to Rule 5 of the Special Rules for the Devils Fork-Gas Pool. This Rule will allow you to carry July allowable into August 1960 in the amount of 15 days production or 15,000 MCF which must be produced during the month of August.

I trust this will clarify your problem in regard to this well.

Regards

Very truly yours,
