NOTICE OF INTENTION TO ABANDON WELL			

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

August 13, 1957

Well No. 1 is located 660 ft. from S line and 640 ft. from W line of sec. 15
SW/4 SW/4 of Section 15 24 North 9 West NMPM
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)
Unnamed San Juan New Mexico
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is - - ft. (Will furnish later)

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Gulf Designation: South Huerfano-Federal No. 1 (Do not confuse with well designated as No. 1 on Notice of Intention to Drill dated 7-26-57. This well was redesignated Well No. 1-X in Report of Abandonment dated 8-13-57.)

It is proposed to drill a wildcat to test the Gallup formation to an approximate total depth of 6000'. Approximately 300' of 8-5/8" OD surface casing will be set and cemented to surface. If commercial production is encountered, 5-1/2" OD production casing will be set at approximately 6000' and cemented. All possible producing horizons will be adequately cored and/or tested.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
