San Juan Co., N. M.

Dear Mr. McGrath:

Enclosed is Form 9-331 being filed on the abandonment of the captioned well for your consideration. We have made every attempt to search out from old records and by inquiry of individuals that may have had anything to do with this well to locate information regarding the plugging procedure. We can find absolutely nothing.

I do feel that the well was properly plugged by the evidence of a dry hole marker being in place and cemented in.

I will await hearing from you before filing the original forms with the N. M. O. C. C.

Very truly yours,

John M. Nelson
