Re: Tenneco Oil Co.
Dry Creek #1
I 5-24N-10W

Dear Mr. Coleman:

If you are to operate the subject well we need a notice of change of operator.

The subject well will be a Bisti-Lower Gallup Oil Pool well if you make a completion in the Gallup formation.

Rule 3 of the Bisti-Lower Gallup Pool rules requires the well to be located within 100 feet of the center of a quarter-quarter section.

Rule 4 provides for an exception to Rule 3.

The subject well is not to be produced until the location is approved by the Secretary-Director of the Commission.

If there are questions please contact us.

Yours very truly,

A. R. Kendrick
Engineer, District #3
