(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The subject well was tested through the sales meter for October, 1992. The integrated volume for the month is 44 MCF. Of this volume, 27 MCF was produced from the Bowers No.1 (common meter with Okie 1) on the first day of testing. This leaves 17 MCF being produced from the Okie No.1 for this month. This volume is a paying quantity.

This well will be left on production.

14. I hereby certify that the foregoing is true and correct.
