AMENDED Administrative Order NSL-3691

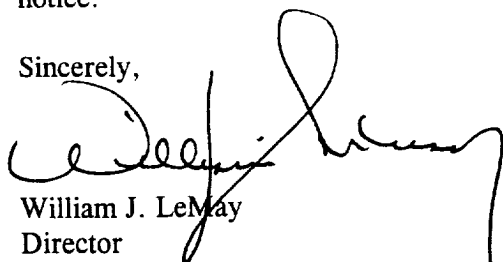

Dear Mr. Jacobs:

It has been brought to my attention that Division Administrative Order NSL-3691, dated July 8, 1996 does correctly state the intended order of the Division in that a completion interval was omitted from the provisions. Therefore the first paragraph of said Order NSL-3691 shall be amended to read in its entirety as follows:

" Reference is made to your application dated June 10, 1996 for a non-standard oil well location within both the White Wash Mancos-Dakota Oil Pool and proposed White Wash-Mesaverde Oil Pool for your existing Blanco Wash Well No. 1 (API No. 30-045-22473), located 1550 feet from the South line and 1490 feet from the East line (Unit J) of Section 2, Township 24 North, Range 9 West, NMPM, San Juan County, New Mexico. The NW/4 SE/4 of said Section 2, being a standard 40-acre oil spacing and proration unit for both intervals, is to be dedicated to said well."

All other provisions of said Order NSL-3691 shall remain in full force and effect until further notice.

Sincerely,

William J. LeMay
Director
