13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Request long term shut-in. This well is part of Fruitland Coal development in this area. Water production rates have limited production. Operator recognizes that the entire area must be de-watered to allow economic gas production from the coal. Plans are in progress to further develop area coal reserves.
