Re: Salazar G #34-4
H-34-25N-6W
Rio Arriba, New Mexico

Gentlemen:

The above referenced well is an old Dakota well we plan to plug back and recomplete in the Gallup formation. This well is located non-standard for the Devils Fork Gallup field rules. The reason for the non-standard location is topographic in that a precipitous cliff is located approximately 100 feet east of the well. (Refer to attached topographic map.)

All offset acreage is operated by Merrion Oil and Gas Corporation, Therefore, we request administrative approval for this non-standard location.

Sincerely yours,

MERRION OIL & GAS CORPORATION

Steve S. Dunn, Operations Manager
