We are returning copy of Form C-128 which you previously submitted on your #7-29 "C" Well located in Unit G Section 29-26N-4W. At the time this well was drilled it was within 2 miles of the Tapacito Pictured Cliffs Pool boundary and you dedicated 320 acres to this well. This section was recently taken into South Blanco Pictured Cliffs Pool; therefore the acreage dedication should be corrected to 160 acres.

Will you please do so and re-submit this form in triplicate.

Yours very truly

Emery C. Arnold
