Re: Jicarilla "D" Well #6
Section 24, T-26N, R-3W
Blanco Field
Rio Arriba County, New Mexico

Dear Sir:

We propose to drill the subject well to a projected depth of 6300'. It is further proposed to dually complete this well in the Pictured Cliffs and Mesa Verde Zones.

We further propose to set 10-3/4" surface casing at 300', 7-5/8" intermediate string at approximately 4100' and set 2400' of 5-1/2" liner on bottom. We will perforate in the Pictured Cliffs Zone and Mesa Verde Zone and will attempt a dual gas completion. Dual tubing strings will be run.

The subject well is located 990' FNL and 1650' FEL of Section 24, T-26N, R-3W, Rio Arriba County, New Mexico.

Yours very truly,

W. C. Dougherty

W. C. Dougherty,
District Superintendent
