Attn: Mr. J. H. Watkins  
District Office Supervisor

Dear Mr. Watkins:

We have received Form C-110 pertaining to your #1-22 Jicarilla well located in Unit G, Section 22-26N-5W. As you know, this well was drilled early in 1963 by Delhi-Taylor Oil Company. On the original plat submitted by Delhi they indicated that all the interests in the east half of Section 22 had not been communitized at the time the well was drilled. They also indicated that Atlantic Refining Company owned 50% of the acreage dedicated.

We will, therefore, need a letter from you indicating that the acreage has been communitized prior to approval of Form C-110. Also a Form C-104, Request for Allowable, has not been filed on this well nor has a tabulation of deviation surveys, as required by our Rules.

Upon receipt of the above information Form C-110 will be approved on this well.

Yours very truly

Emery C. Arnold  
Supervisor, District #3
