13. Describe Proposed or Completed Operations

The subject well currently has an uphole casing leak isolated with a packer. Partner approvals are being sought to repair the leak at the present time. An extension of six months to the December 1, 1991 approval deadline is requested to allow time to secure partner approval and to repair the well in the Spring 1992 when snowdrifted roads will not add unnecessary expense to the workover cost. The approved sundry notice dated 08-27-91 will still apply for the repair procedure.

THIS APPROVAL EXPIRES JUN 01 1992
