OIL CONSERVATION COMMISSION
Aztec, New Mexico

July 22, 1957

Magnolia Petroleum Corporation
Box 2406
Hobbs, New Mexico

Att: Mr. W. C. Dougherty
District Superintendent

Dear Sir:

We have received a letter dated July 18, 1957 making application for tentative approval for dual completion on your #5-D Jicarilla located in the SW $\frac{1}{4}$ Section 14-26N-3W.

We will be unable to grant approval of your application as you make no provision in your letter for the method you intend to use in separating the two zones. We are enclosing a memorandum in this letter setting out requirements. Please indicate where you intend to set your production packer, whether you intend to run dual strings of tubing and give approximate locations of side-door chokes and your long string of tubing.

Yours very truly

Emery C. Arnold
Supervisor, District #3
