Dear Mr. Ridens:

The above listed wells do not have down-hole commingle orders in place. The NM OCD Engineering Bureau returned the applications as incomplete on 8/20/2001. Please do not produce these wells as down-hole commingles until you are in compliance with Rule 303. C. 1-3.

These three wells are completed in pools that have pre-approved pool combinations, allowing you to apply for down-hole commingling at the district level. Please send application to the Aztec district office on C-103 forms as specified in Rule 303.

Sincerely,

Steven N. Hayden  
Deputy Oil & Gas Inspector
