SOUTHERN UNION PRODUCTION COMPANY

POST OFFICE BOX 808
FARMINGTON, NEW MEXICO 87401

July 25, 1973

New Mexico Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico 87410

Attention: Mr. A. R. Kendrick

Gentlemen:

Due to lower pipeline pressures this year than last, and better production practices, we believe that the Annual Deliverability Test on our Jicarilla "A" No. 2 well for 1973 more clearly represents its ability to produce than did the 1972 test. Therefore, we request that this well's allowable be changed to reflect the new test. We also request that the allowable be changed retro-active sixty days.
