Re: Mead, Federal -Scott No. 1-A,
1500' from the south line and
1750' from the east line, section 15,
T. 26 N, R. 6 W

Dear Sir:

Following a favorable report from our oil and gas
inspector, Al Greer, this will constitute your authority under
Oil Conservation Commission Rule 104 to drill the captioned
unorthodox location by reason of the extreme roughness of the
terrain.

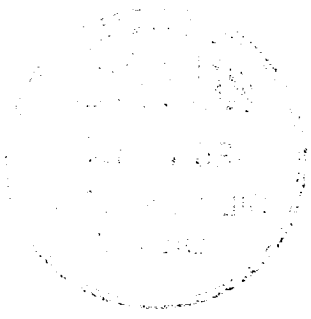

Very truly yours,

bwp

Secretary and Director
