

NEW MEXICO
OIL CONSERVATION COMMISSION
AZTEC, NEW MEXICO

February 21, 1957

Mr. G. E. Evans
Honolulu Oil Corporation
Midland, Texas

Dear Mr. Evans:

We have not received the 1956 Annual Deliverability Test for Honolulu's #1 Jicarilla 102 located in SW/4 Section 10-26N-4W, Rio Arriba County, New Mexico.

An annual test is required each year for each well by Order R-333-C&D, a copy of which is enclosed for your convenience.

It is suggested that a test be accomplished as soon as the weather permits.

If we can be of further assistance, please contact us.

Yours very truly,

A. R. Kendrick
Engineer, District #3

ARK/rc
Encl.

UNITED STATES
OIL CONSERVATION COMMISSION
WASHINGTON, D.C.

February 1947

Report of the
Oil Conservation
Commission

Volume I

The Oil Conservation Commission was established by the
Oil Conservation Control Act of 1935, as amended, to
investigate and report on the conservation of oil.

The Commission has the honor to acknowledge the
cooperation and assistance of the Bureau of Mines, U.S. Department of
Interior, in the preparation of this report.

The Commission also wishes to express its appreciation to
the many individuals and organizations who have assisted it in its
work.

The Commission is indebted to the following for their
valuable contributions to this report:

Dr. C. D. Koehn,
Director, Bureau of Mines
