Re: Jicarilla "C" #3
Section 8, T-26N, R-3W
Tapicitos Field
Rio Arriba County, New Mexico

Gentlemen:

We propose to drill the subject well to a projected depth of 6400'. It is further proposed to dually complete this well in the Pictured Cliffs and Mesa Verde Zones.

We further propose to set 10-3/4" surface casing at 300', 7-5/8" intermediate string at approximately 4200', and set 2400' of 5-1/2" liner on bottom. We will perforate in the Pictured Cliffs Zone and the Mesa Verde Zone, and attempt a dual gas completion. Dual tubing strings will be run.

The subject well is located 990' FEL and 1650' FNL of Section 8, T-26N, R-3W, Rio Arriba County, New Mexico.

Yours very truly,

W. C. Dougherty
District Superintendent
