Re: 1959 Annual Deliverability Tests

Gentlemen:

Herewith the list enclosed with your memo dated December 21, which appears to be correct as of December 18, 1959.

On December 21, this company filed Form C-110 requesting that the operator of Well #8-19 MKL be changed from King-Loc Petroleum Company to Candado Production Company, and if this change is approved, Well #8-19 MKL located in unit B, Section 8, Township 26 North, Range 7 West, Rio Arriba County, New Mexico, should also appear on the list of wells to be prorated.

Should you require any further information or notice of approval of change of operator, we shall be happy to furnish the same.

Very truly yours,

CANDADO PRODUCTION COMPANY
