R & G Drilling Company
Box 1848
Farmington, New Mexico

Att: Mr. William Russell

Dear Mr. Russell:

We are returning Notice of Intention to Drill on R & G #114 in Section 1-26N-2W for clarification.

If this well is to be designated as your previous wells were I believe that the R & G #114 is a lease designation and ^{not} the well number as you have indicated. In other words I believe that the lease designation should be R & G #114 and the well number 1.

Also in the blank indicating land ownership for patented land you have written Gulf Oil Corporation. I do not believe that you are correct that Gulf Oil Corporation is the owner if it is patented land. Please give the actual mineral owner in this blank and also on the fact of Form C-128 show land ownership. If the full 160 acres is owned by one owner type the name of the owner in the dedicated drilling block. If there is more than one patented land owner please indicate this.

Yours very truly

Emery C. Arnold
Supervisor, District #3

Section 1-204-54 for classification.

On 10-17-68, I was interviewed by Special Agent [redacted] at the New York City Office. I stated that I had been employed as a janitor at the New York City Office from 1964 to 1968. I stated that I had been assigned to the New York City Office by the New York City Police Department. I stated that I had been assigned to the New York City Office by the New York City Police Department. I stated that I had been assigned to the New York City Office by the New York City Police Department.
