Dear Tom:

We are issuing a supplement effective April 1, 1961 re-classifying your Johnston-Shear #1-3 well in Section 3-26N-3W as an oil well. As this well is technically in a dry gas pool we are requesting, however, that you submit quarterly gas-oil ratio tests in the event that the gas-oil ratio should change in the future.

Yours very truly

WILSON CONSERVATION COMMISSION
1000 RIVER BRIDGE ROAD
ASTORIA, OREGON 97103

Dear Sir:

Enclosed for you are two copies of a report on the results of the Wilson Conservation Commission's recent survey of the Wilson River.

Very truly yours,

W. C. Wilson

The Wilson River is one of the most beautiful and scenic rivers in Oregon. It is also one of the most important rivers in the state, as it provides a major source of water for irrigation and industry. The Wilson River is also a major source of fish and wildlife, and it is important to the state's economy.

Sincerely,

W. C. Wilson
President, Wilson Conservation Commission
