Gentlemen:

We have today received the November, 1960 pro-ration schedule. In checking this schedule I note that Intex Oil Company's Alto USL #1 well has been cut from 70 barrels to 65 barrels per day.

Please inform upon what basis the allowable on this well was reduced. Intex Oil Company, as operator of the Puerto Chiquito Gallup Pool, has in the past shut Alto #1 well down to prevent over producing this well.

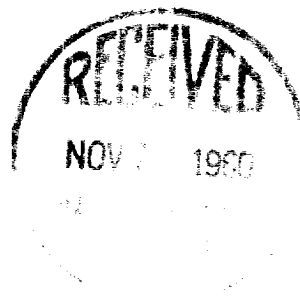

Very truly yours

INTEX OIL COMPANY
