Gentlemen:

On July 8, 1953 we received Form C-102, on which you state your intention to convert Well No. 5-11-89 in the SW/4 Section 3, Township 26N, Range 6W from a gas well to a water well.

I have written the State Office regarding this matter and have been informed that as the land is Federal land the Oil Conservation Commission has no jurisdiction in the matter. If you secure permission from the U.S.G.S. office in Farmington that should be sufficient.

Yours very truly,

—
