Re: Suit No. RA 78-399  
Oil Conservation Division vs. Han-San, Inc.

Dear Lynn:

The below listed dates and remarks are from Charles Gholson's field notes:

10-26-77 Well shut-in.

11-15-77 Rods and tubing had been pulled from well.

12-6-77 Tubing had been run back into well.

6-27-78 Rig had been moved off well.

10-6-78 Rig back over well. Well had been swabbed. Estimated 20 barrels of oil in pit. Pit had overflowed by 3 or 4 barrels.

10-30-78 A rotary rig had been moved over well. The well had apparently been deepened.

No people were on the location during any of the above visits.

If further information is desired, please contact us.

Yours very truly,

  
A. R. Kendrick  
District Supervisor
