☐ Dispose Water

17. Describe Proposed or Completed Operations:

1-31-97 Caulkins Oil Company has constructed a repeater tower site on this location. The site is located on the southeast corner of the existing well pad. The 20' x 20' site is enclosed by a 6' chain-link security fence. Within the fenced area is a 4' x 8' x 7' building to house radio equipment and a 35' free-standing tower. (See attached drawing)

The repeater site is being used to communicate with automation equipment located at individual well sites operated by Caulkins Oil Company to our office at 2001 E. Blanco Blvd., Bloomfield, NM.

No new surface was disturbed during construction.

NOTE: The format is issued in lieu of U.S. BLM Form 3160-5
