United States Geological Survey  
P. O. Box 1809  
Durango, Colorado

Attention: Mr. Jerry Long

Dear Sir:

Supron Energy Corporation proposes to drill the Jicarilla "D" No. 11-A well located 790 feet from the South line and 790 feet from the East line of Section 29, Township 26 North, Range 3 West, N.M.P.M., Rio Arriba County, New Mexico.

The following attachments are included with this application:

1. Map of existing roads.
2. No access road is required.
3. Location of existing wells.
4. Lateral roads to well locations.
5. Location of surface equipment, if required.
6. Drilling and Completion water will be obtained from the Supron Energy Corporation water well located in the SW 1/4 of Section 23, T-26N, R-4W, N.M.P.M., Rio Arriba County, New Mexico.
7. Waste will be disposed of by being placed in the reserve pit and buried upon completion of the well.
8. There will be no camp at or near the well site.
9. There will be no air strip.
10. There is a plat attached showing the location of the rig, mud pits, reserve pit, burn pit, etc.
11. A letter of Certification is attached and the operators representative is Rudy D. Motto, Area Superintendent, P.O. Box 808, Farmington, New Mexico 87401, Phone No. (505) 325-3587.
12. The location will be built and the reserve pit will be fenced on three sides. After the well is drilled and completed the reserve pit will be fenced off until it has dried then filled and restored to its natural state.
13. The soil is sandy loam with the principal vegetation being sage brush.
