17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Due to an internal error on the original application for Permit to Drill we incorrectly named and spaced the subject well. We propose to correct the error by changing the well name to the Jicarilla "B" 8E and dedicating the N<sub>2</sub> of section 15, as shown on the attached form C-102.
