We spudded the State COM #1 Well on 10/25/81 and we have not sold any gas yet. It has been a very expensive well.

Our engineer advises us to produce the Dakota to get some money back before trying the Chacra, as the Chacra could be expensive at this time.

However, our intentions are to try to produce from the Chacra at some later date.

Chacra T.A. approved until 8-9-83
