Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Marathon is applying for permission from the Oil Conservation Division to downhole commingle production from the Blanco Mesaverde and Basin Dakota formations.

These two formations were commingled for a 30 day test period from Oct. 2, 1988 to Nov. 2, 1988.

The well will begin commingled production upon receiving approval from the NMOCD, estimated to be received by July 1, 1989.
