Re: Canada Ojitos Unit #21; G-32-26-1W

Dear Sirs:

According to your recent status report on the referenced well, it is no longer within the vertical limits of the West Puerto Chiquito Mancos Pool. Order R-2565 B gives the vertical limit definition as only the Niobrara member of the Mancos Shale. Compulsory Pooling Order R-6789 also gives only the Niobrara member of the Mancos Shale.

If you wish to extend the vertical limits, a case will have to be docketed.

This well will be classified as a wildcat Greenhorn with forty acres dedication. It will be a nonparticipating well in the unit. A new plat must be submitted.

Yours truly,
