17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well being capable of of producing oil in paying quantities, plans have been submitted (according to a court order) to attorneys to : pull pump & replace; use a bailer to clean out the hole. Plans to repair this well will hopefully take place the month of July, 1995. The speed this repair takes place is contingent on the cooperation of attorneys Albert Costales and Don Klein Jr.
