13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

2 3/8" tubing was landed at 6726' on this well. Per the completion report previously submitted, tubing was not to be landed until downhole commingling approval is received. Amoco has decided to first deliver the Gallup and produce only from the Gallup until commingling approval is received. The retrievable bridge plug will remain at 7082' until commingling approval is granted.
