Marvin R. Kruschke, being first dually sworn according to law upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by Baker Packers in the capacity of
Office Manager and as such as its authorized agent.

That on November 3, 1982, he personally supervised the setting of
a 7-5/8" Baker Model R-3 Double-Grip Packer in Union Texas Petroleum
(Make and Type of Packer) (Operator)
Corporation's Jicarilla "J" Well No. 8-E, located in Unit Letter M
, Section 25, Township 26 North, Range 5 West
N.M.P.M., Rio Arriba County, New Mexico.

That said packer was set at a subsurface depth of 5473 feet, said depth measurement having been furnished by O.B. Whitenburg

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as to prevent any movement of fluids across the packer.
