Application for Unorthodox Location
Jicarilla Contract 155 No. 35
Blanco Mesaverde (Gonzales Mesaverde) Field
Rio Arriba County, New Mexico

Amoco Production Company hereby requests approval of an unorthodox well location for the Jicarilla Contract 155 No. 35. The proposed location is 1940' FSL and 725' FWL of Section 30, T26N, R5W, Rio Arriba County, New Mexico.

This well was staked unorthodox because of the location of an existing pipeline and two existing wells, as shown on the attached Form C-102. Topographical problems were also encountered in selecting a suitable well site.

A copy of this application is being sent by certified mail to the offset lease holder, El Paso Natural Gas Company, with the request that they furnish you a waiver of objection and return one copy of the same to me.

Very truly yours,

Original Signed
