Gentlemen:

Enclosed is your Application for Permit to Drill (APD) well No. 2 Candado, NE/4NW/4 sec. 15, T. 26 N., R. 7 W., Rio Arriba, County, New Mexico, lease SF-079160-A. The subject APD is rescinded and returned due to drilling not being commenced within one year of the approval date.

Your Sundry Notice of November 11, 1985 is returned with no action taken as it was received after May 18, 1985, at which time the APD had expired. An APD returned herewith may be resubmitted when plans for drilling the well, at a known target date, are formulated.

You are required to request surface rehabilitation instructions from this office if construction activities occurred on the referenced drill site. If this office does not receive comment within 15 days, it will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, will result in an assessment.
