Attention: Jim Benson

Administrative Order NSL-3380

Dear Mr. Benson:

Reference is made to your application dated February 16, 1994 for an unorthodox gas well location for both the Basin-Dakota and Undesignated Largo-Gallup Pools for your proposed Rincon Unit Well No. 302. Said well is to be drilled 150 feet from the North line and 2455 feet from the West line (Unit C) of Section 11, Township 26 North, Range 7 West, NMPM Rio Arriba County, New Mexico.

The W/2 of said Section 11 is to be dedicated to said well forming a standard 320-acre gas spacing and proration unit for both pools.

By the authority granted me under the provisions of Rule 2(c) of the Special Rules and Regulations for the Basin-Dakota Pool, as promulgated by Division Order No. R-8170, as amended; the applicable rules governing the Largo-Gallup Pool under Division Order No. R-2462, as amended; and General Rule 104.F(1), the aforementioned unorthodox gas well location is hereby approved.

Sincerely,

William J. LeMay

Gentlemen:

Union Oil Company of California (UNOCAL) requests permission for a nonstandard location for our Rincon Unit No. 302 well, located 150' FNL, 2455' FWL, Section 11, T26N, R7W, Rio Arriba County, New Mexico.

This well is a proposed dual Basin Dakota/Largo Gallup well that does not conform, as staked, to a "standard" location being approximately 640' too close to the North line. It is not feasible to move the location further to the South because of existing archeological sites and the surrounding topography. See attachments. There are no existing pads/locations in the immediate area on which to drill this proposed well.

The offset lease owner, Louis Dreyfus Natural Gas Corporation, has been contacted by certified letter requesting waiver of objection to this proposed unorthodox location.

If you have any questions, please contact me at (307) 234-1563, ext 116. Thank you for your help in this matter.

Sincerely,

Jim Benson
Drilling Superintendent
