Dear Mr. Alexander:

Reference is made to your request for an amendment to Division Order No. R-10963, which authorized the downhole commingling of Basin-Dakota and Blanco-Mesaverde Gas Pool production within the subject well, to add the Ice Canyon-Gallup Gas Pool as a third commingled zone in the wellbore.

The maximum amount of gas which may be produced daily from the well shall be determined by Division Rules and Regulations or by the gas allowable for each respective prorated pool as printed in the Division's San Juan Basin Gas Proration Schedule.

Assignment of allowable to the well and allocation of production from the well shall be on the following basis:
