Dear Mr. Rodgers:

We refer to your letter of December 11, 1962. In this letter you state that the Tribal "C" No. 8-5 has been hooked up, but has not been produced because the necessary forms have not been filed with the New Mexico Oil Conservation Commission.

In checking our records we find that all necessary forms were mailed out of our office on November 30, 1962. If, at this date, you still have not received authority to produce this well, please advise us.

We appreciate your bringing this matter to our attention and we hope that we will be able to straighten it out very shortly.

Yours very truly,

CONSOLIDATED OIL & GAS, INC.
