

SUNRAY MID-CONTINENT OIL COMPANY

December 21, 1959

New Mexico Oil Conservation Commission
1000 Rio Brazos Road
Aztec, New Mexico

Attention Mr. E. C. Arnold

Gentlemen:

Re: Addition of the Sunray Mid-Continent Oil Company
Es-Ka-Nel-E-Wood #2 to the Proration Schedule for
the Bisti Lower Gallup Pool

Sunray Mid-Continent Oil Company wishes the commission to set up a gas allowable for the Es-Ka-Nel-E-Wood #2 located in the Bisti Lower Gallup Pool, San Juan County, New Mexico. This well has remained on the shut-in status since its completion because the well produced only gas and no oil.

The El Paso Natural Gas Company has now built a gas gathering system to the southeast portion of the Bisti Pool and expects to begin operation of the system around the 1st of January, 1960.

The attached C-110 for the well is filed in compliance with commission rules and we wish to state we will not produce this well until beneficial use is made of the gas.

Yours very truly,

SUNRAY MID-CONTINENT OIL COMPANY
